

A modern living room interior with a TV, coffee table, and sofa. The room is dimly lit, with a blue and white color scheme. A large TV sits on a white console table. In front of it is a round coffee table with two smaller tables nested underneath. To the right is a light-colored sofa. A side table with a lamp and a small plant is next to the sofa. A framed abstract painting hangs on the wall.

FUSION STUDENT LIVING

WHY CHOOSE

Fusion Student Living

Our expert Student team have over 30 years of experience servicing student accommodation.

We provide our customers with a reliable service you can trust, and offer everything from furniture, through to window dressings, flooring and white goods. Our own delivery teams will install your new furnishings, and just let us know if you would also like removal and disposal of the old.

We are a sustainability-driven company, committed to ethical sourcing and reducing our environmental impact. Our new ReForm waterproof foam mattresses made from 95% recycled materials takes our green efforts to the next level. They are also 100% fully recyclable, significantly helping to reduce the negative impact of mattress disposal.

Here at Fusion, we also make our own furniture. So this means you can have quality UK-made furniture on short lead times, but can also benefit from our parts-replacement service for when those unfortunate breakages do happen.

Whether you need to replace furniture, or embark on a refurbishment project, we're here for you.
